

# P.750 TOUR PROTO

“ To make a pure players iron that is both timeless in design and exceptional in performance, we rely on in-depth feedback from the best players in the world. Having worked on Tour for over 20 years, I can say with confidence that P750 raises the standard by providing superior performance and feel in a design that appeals to even the most critical players.

### ► THE TOUR DEMANDS PERFECTION, P750 DELIVERS

- Designed to Inspire**  
 Our most exclusive players iron embodies what golfers strive to achieve—perfection through unforgettable performance.
- Forged 1025 Carbon Steel**  
 A new multi-step forging process using a 2000-ton press ensures perfect head shaping with minimal hand polishing, resulting in a pure players iron with soft, solid feel.
- Refined shape and sole geometry**  
 Designed with direct input from Tour, P750 irons feature a thin topline and progressive offset for a clean look at address. Further enhancements include a narrow sole and tighter leading edge for improved turf interaction.
- Tungsten Weighting**  
 3-7 irons feature a tungsten weight to enable perfectly centered CG for optimal trajectory and elegant shotmaking. The result is an iron that combines precision craftsmanship with Tour-caliber workability.
- Custom Component Options**  
 A robust selection of custom shafts and grips available to create a premium players iron crafted to each individual golfer.
