

RESCUE **FAIRWAY**

Rescue Fairway

Engineered to Hit High, Long and Straight

FEATURES	ADVANTAGES	BENEFITS
Wide, low-profile clubhead	High MOI and exceptionally low, deep CG	Forgiving on mis-hits; promotes high launch and high spin
Moderate offset	Enhances the player's ability to square clubface at impact	Straight, long shots
Pull face construction with 455 steel clubface	Allows for an exceptionally thin and strong clubface, increasing COR	Increased ball speed, resulting in greater distance
Cambered, double sole design	Reduces the amount of sole area that contacts the turf	Easier to hit high, long shots from all types of lies
