

| FEATURE  | ADVANTAGE   | BENEFIT  |
|--|---|--|
| SuperFast club Technology                                      | Extremely light total weight with light-and-long shaft        | Promotes faster swing speed for added drive-crushing power         |
| TaylorMade® RE*AX® TP shaft                                    | Increases head-stability at impact at tour-level swing speeds | Promotes accuracy and consistency for better players               |
| Extra-large 460 cc titanium head with Inverted Cone Technology | High effective MOI*   | Ultimate forgiveness for long, straight results on off-center hits |
| Classically-shaped head  | Distinctive "TaylorMade® Tour" appearance at address          | Promotes increased confidence and control                          |

\* Effective MOI (eMOI) is the positive influence on ball speed on off-center hits that's exerted by the combined effects of a driver's MOI and clubface technology (versus constant-thickness clubfaces). eMOI in TaylorMade drivers is dramatically higher, and more valuable in terms of its affect on ball speed, than MOI alone, owing to the benefits of TaylorMade's patented Inverted Cone Technology.

**BURNER® TP DRIVER SPECIFICATIONS**

| Club | Left Handed | Loft  | Lie | Head Volume | Club Length | Swing Weight |
|------|-------------|-------|-----|-------------|-------------|--------------|
| 8.5  | No          | 8.5°  | 59° | 460 cc      | 45.5"       | See Below    |
| 9.5  | Yes         | 9.5°  | 59° | 460 cc      | 45.5"       | See Below    |
| 10.5 | Yes         | 10.5° | 59° | 460 cc      | 45.5"       | See Below    |
