

T h e A R T O F D E S I G N

Kia Ma is widely known among tour professionals as a quiet master of the art of putter-making. Revered for his unerring sense of shape, detail and purity, Kia's designs are universally embraced for their beauty, feel and playability. To hold, examine and stroke one is to grasp the difference between an ordinary putter and a Rossa® TP by Kia Ma putter.

Each of Kia's works is a jewel, honed by the skilled hands and practiced eye of a genius. Look and touch and you'll find that every edge, curve and surface has been composed with the utmost precision, balance and care. 100% milled from end to end from 304 stainless steel, enveloped in a beautiful high polish and silver mist finish, each individual club is crafted to meet the discriminating player's need for exquisite form, feel and function.

NEW FOR 2010

TP DAYTONA

TP MONACO

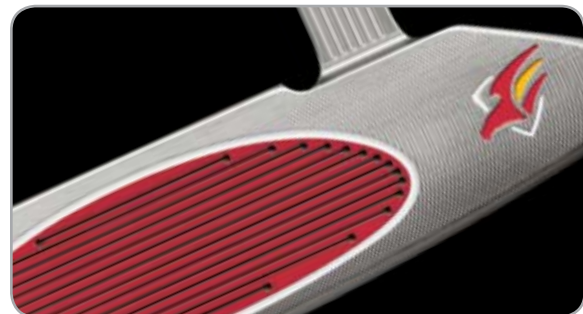

TP FONTANA

**Putters of Rare Beauty and Performance
by Master Putter Craftsman Kia Ma**

Every TP by KIA MA putter:

- » Is milled end to end from 100% forged 304 stainless steel.
- » Incorporates movable micro-weights to customize feel.
- » Features our Titalium insert and patented AGSI+ technology to promote true roll.
- » Is finished with a combination of two types of surfaces, high-polish and new non-glare silver-mist.

DETAILS THAT MATTER

FEATURES	ADVANTAGES	BENEFITS
100% milled from 304 stainless steel	Every detail is rendered perfectly and beautifully	The difference between an ordinary putter and a finely crafted putter
Adjustable Micro-Movable weights	Change the putterhead weight	Customize the feel to suit your preference and stroke
AGSI+ Titalium face insert	Negates backspin and promotes forwardspin	Great roll and control; soft and solid feel
