

ATV WEDGE

The Most Versatile Wedge in Golf

“The average wedge is limited because different shots require different bounces, cambers and sole widths. The ATV sole offers a multitude of strategically designed sole geometries, allowing you to play a wide range of shots with one wedge.”

- ▶ New ATV (All-Terrain Versatility) Sole lets you play all critical shots with one wedge: chip, pitch, flop, explosion from sand, out of the rough, off a tight lie
- ▶ Bounce angle changes depending on how the head and face are positioned
- ▶ New all-milled groove design and micro-texture across the face generates more spin within USGA rules
- ▶ New Lamkin wedge grip extends farther down the shaft for improved traction when choking down
- ▶ New Tour-Inspired shapes with a beautiful non-plated Tour Satin finish
