

Spider
MINI

Spider MINI

DESIGNED FOR TOTAL PERFORMANCE

Refined Spider Design

- A 10% smaller head construction from Spider X. Spider Mini delivers the stability and high-MOI performance of its bigger brother in a compact, mid-mallet design

A Tour-Validated Component Package

- A new, copper colorway has been added to the Spider Mini family to meet the demands of our greatest players
- New short slant hosel for added control and toe hang
- Thicker, 5mm white insert for deeper Pure Roll™ grooves that promote a forward roll and better feel
- KBS CT Tour putter shaft provides a stiffer structure and optimal stability

Optimized Weighting System

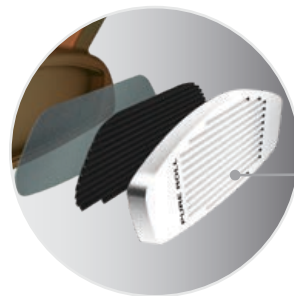

- Redesigned steel weights, cast directly into the head for a precise and consistent balance with an additional adjustable sole weight

ADJUSTABLE SOLE WEIGHT

HEAVY STAINLESS STEEL FRAME 315g

REDESIGNED STEEL WEIGHTS

PURE ROLL™

THICKER PURE ROLL™ INSERT FOR BETTER SOUND, FEEL, & ROLL CHARACTERISTICS

GRIP

SUPER STROKE PISTOL GTR 1.0
